Dear Congressman _____,

I am a resident of _____ and a constituent in your district. I appreciate your attention to the frightening subject matter I bring to your attention.

It is my understanding that Planned Parenthood Federation of America and its affiliates are still receiving taxpayer dollars. I am surprised and outraged by this. Given all of the exposure of Planned Parenthood's sordid business practices, which compromise the safety and well-being of young women, I expect that you are equally troubled by its ongoing reception of federal funds.

Among other things, I find it alarming that taxpayer dollars are given to Planned Parenthood when this organization is widely known to institutionally protect statutory rapists, defraud state governments and has shown its willingness to aid and abet child sex traffickers.

As America's largest abortion chain, Planned Parenthood receives over $300 million in taxpayer funds annually. While some may argue that the Hyde Amendment prohibits the use of federal funds for abortions, this is not true. The Hyde Amendment allows federal money to pay Planned Parenthood for abortions that are claimed to be needed to save the life of the woman or that are done to end the lives of human beings created as the result of rape or incest. In addition, because money is fungible, all funding to Planned Parenthood is funding for an abortion business.

If you have any doubt that this is occurring, just look at the video at http://bit.ly/pjJInw.

There are thousands of federally qualified health centers across the country that are better suited to be trusted providers of federally funded health care services. Defunding Planned Parenthood is necessary for the preservation of the integrity in our health care system.

In the 2012 budget, please make sure that Planned Parenthood is explicitly excluded from eligibility of any appropriated funds. Planned Parenthood must be defunded.

Sincerely,

_____
